2248. SHRI RAM GOPAL YADAV : Will the Minister of FINANCE be pleased to state :

(a) whether it is a fact that the single exchange rate for Rouble introduced by Central Bank of Russia on the 1st July, 1992 had brought down India's debt towards the erstwhile Soviet Union from 38000 crore rupees to Rs. two hundred and fifty crores only;

(c) if so, what are the details thereof ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI RAMESHWAR THAKUR) : (a) to (c) The Government of the former USSR had extended various credits to India from 1955 onwards. The credits were denominated in Roubles, but repayments were made in rupees by means of exports of Indian goods. The rate of exchange between the rupee and the roubles was established by the Indo-USSR Protocol of November, 1978. When the Protocol was signed the exchange rate was Rouble 1.00=Rs. 10.00 The last notified exchange rate was Rouble 1.00=Rs. 31.7874.

With the shift of the Rouble towards market-based currency, the Government of India have held several rounds of negotiations with the former USSR and present Russian Government for a revision of the rupee-rouble exchange rate. The talks have so far been inconclusive. The quantum of India's debt to the former USSR in terms of rupees can be established only after a resolution of the rupee-rouble exchange rate issue.
